COMMUNITY ENGAGEMENT

National Wrestling Hall of Fame and Museum, Stillwater, OK 2021

I worked with theatre students to create and implement a plan to enhance the existing lighting in the museum by repositioning, focusing, and re-shaping the light beams. We also created a phasing plan to allow for future expansion of exhibits and for better preservation of artifacts. The transformation from the original state of the lighting at the beginning of this project to the present state is a huge improvement, and it has created an enhanced museum experience for patrons while also helping to preserve the historical artifacts.

Sagebrush Penguin Project, Elk City, OK 2018 – Present

I serve with Sagebrush Penguin Project as the Technical Director for their annual summer production and/or camp. This organization works to give engaging fellowship and performance opportunities to youth with disabilities in Western Oklahoma communities. Productions: *Annie Jr.*, *Aladdin Jr.*, & *Don't Stop Believin' Camp, Guys & Dolls Jr.*

Untitled Pop-Up Theatre (UPUT) 2018 – Present

I work with UPUT as a Technical Advisor for most of their productions, assisting in the pre-planning of all technical elements to ensure the cast and crew that perform with the organization are able to be successful with each production. This small theatre troupe travels around many Western Oklahoma communities, large and small, striving to think outside the box with their unconventional theatre productions in unconventional places.

Selected Productions: *Veronica's Room*, *Love/Sick*, *Love Letters*, *Small Mouth Sounds*, *Nunsense*, *Duck Variations*, *The Wedding Reception*, *Rocky Horror Picture Show* (movie showing with live shadow cast), *From the Insane Asylum*

Oklahoma Community Theatre Association (OCTA) 2010 – Present

I have served OCTA as Technical Director or consultant on numerous projects, largely their biennial festival of plays, OCTAFEST, held at various venues within the state. This organization serves the state of Oklahoma as a unified network of community theatres within the state with a mission to promote excellence in community theatre.
